# ABHISHEK RAJBHAR

Hno-11 Sangam Vihar, Ghaziabad (201001)

### **EDUCATION**

Dr. A.P.J. Abdul Kalam Technical University

Bachelor of Technology in Computer Science

Aug 2020 - July 2024 Ghaziabad, UP

· 7.5 / 10 CGPA

G.I.C Ghaziabad

July 2018 - June 2020

Intermediate in Science (PCM)

Ghaziabad, UP

Bal Jyoti Public School, Ghaziabad

High School

July 2016 - June 2018 Ghaziabad, UP

### WORK EXPERIENCE

### **ITCC - Software Developer Trainee**

Jun 2023 - July 2024

- Build dynamic, interactive websites, integrating backend functionality with intuitive front-end designs.
- Developed and implemented frontend features with HTML, CSS, and JavaScript, ensuring a responsive and user-friendly design.
- Designed and coded complex logic using Python, enhancing functionality and solving key problems in the projects.
- Managed and maintained PostgreSQL databases for robust data storage and efficient retrieval.

## **PROJECTS**

### ITCC EDUCATION PLATFORM

LINK

- · Crafted dynamic web interfaces with HTML, CSS, and JavaScript, collaborating effectively with the team and using Bootstrap for responsive web design.
- Use Django for integrated, high-performance frontend and backend solutions.
- Using advanced application logic with Python, including features like result calculations and due fees.
- Managed PostgreSQL databases to store student data and optimized queries for fast data retrieval.

#### EMPLOYEE MANAGEMENT SYSTEM

- Create, view, update, and delete employee profiles with ease. Each employee's details, such as personal information, job role, and contact details, are efficiently managed.
- PostgreSQL/MySQL (as per project requirements) is used to store and manage employee data, ensuring high performance and reliability.

## VIDEO-TO-TEXT CONVERTER

- Utilized AssemblyAI to convert video content into text, leveraging its advanced speech recognition capabilities for accurate transcription.
- Build web applications with Django, ensuring effective integration of frontend and backend components.

#### TECHNICAL SKILLS

- Languages: Python, C Language, JavaScript, Html/CSS, MYSQL
- Developer Tools: VS Code, PGAdmin, POSTMAN
- Technologies/Frameworks: Django, GitHub, Linux
- Certifications: Python and Java Certification from Coding Ninjas, AWS Associate Certification ( Cloud Certification ) and I have salesforce training certification during academic times.
